

UPRHS AT A GLIMPSE

SY 2016-2017

A new academic calendar

(school now starts August and ends in May
with a short semestral break in time for
the Christmas holiday)

With the school opening in August, we missed the School Foundations Day celebration, but instead the celebration was done jointly with the annual UPRHS Alumni Homecoming last December 12, 2016. It was a whole day affair where a thousand and more alumni coming from around the globe took part in the celebration.

In between the quarterly examination periods, many of the academically gifted Ruralites participated and won in various academic competitions particularly in the fields of mathematics, statistics, sciences and economics.

On the other hand, the *UPRHS Glee Club* continues to reap recognitions through performances to various university gatherings and national/international conferences held in Los Baños and Metro Manila.

Another milestone for the *UPRHS Glee Club* was their special invitation from the Singapore Ambassador in the Philippines to perform with the Manila Symphony Orchestra for the celebration of the 20th National Day of Singapore

Last November 2016, UPRHS signed a Memoranda of Agreement with two (2) Super Science High Schools and one (1) Super Global High School from Japan. The agreement aims to foster school to school collaboration in the areas of research and cultural program. Each school commits to carry out student exchange program through research internships and other academic and cultural exchange activities in the Senior High School Level.

University of Tsukuba Senior High School
at Sakado(UTSS)**

It was a meaningful celebration of the National Arts Month last February 2017 as the *USAPintor*, *UPRHS Glee Club*, *UPRHS Filipiniana Dance Troupe*, *Speech and Dramatics Club*, *Samahang Diwa at Panitik*, and *the Ruralite* joined forces to showcase their creative works to the whole UPRHS Community including parents and delegates from neighboring schools.

The 50 scholars received their Certificates of Scholarship for the SY 2016-2017 together with their sponsors. The Los Baños Liberation Memorial Scholarship Foundation, with 12 scholars, was represented by UPRHS Principal Liza Carascal.

Also, to remember the anniversary of the Liberation of Los Baños, the 12 LBLMSF, organized a simple exhibition of their works and creative outputs at the school library which lasted until end of March 2017.

Among the 12 scholars of LBLMSF from grade 8 to grade 11, 8 students are part of the honor roll:

- Grade 8 – 1 of 4
- Grade 9 – 3 of 3
- Grade 10 – 2 of 3
- Grade 11 – 2 of 2

The school is now about to end, wishing that all those students in the academic honor roll would continue to perform well until the last marking period. We are proud of this number of students , who are not just academically good (with grade mark 90 and above) but have also been marked very good in character and active participation the co-curricular activities:

- Grade 7 – 40 of 118
- Grade 8 – 43 of 122
- Grade 9 – 69 of 124
- Grade 10 – 46 of 123
- Grade 11 – 47 of 125

We would like to believe that we have hurdled the first year of the implementation of the Senior High School with flying colors. Through the help of some of our University faculty members, we have developed a curriculum which cater to the diverse abilities of students and considering the University tradition of excellence. Since UPRHS is part of a science community, majority of our senior high school students are under the STEAM (science, technology, engineering, agriculture and mathematics) strand.

All our senior high school students are now working on their Capstone Experience in the different research laboratories in and outside the campus.

The annual Home Economics- Agriculture Fair and Exhibits marked the end of the school year. Students showcased their whole –year class projects to the delight of all including their parents. The annual picnic lunch inside the school farm area did not fail to provide a joyful bonding for the UPRHS family - faculty, students and parents!

The UPRHS English and Literature Department and Speech and Dramatics Club staged a play production entitled *Class Dismissed* last April 21 at the NCAS Auditorium.
